Parkinson & Movement Disorder Alliance (PMD Alliance) is proud to join the Strategic Alliance Partnership (SAP) program from NeurologyLive®, a multimedia platform dedicated to providing health care professionals with direct access to expert-driven, practice-changing news and insights in neurology.

"Each addition to our SAP program offers exciting opportunities to collaborate with more outstanding organizations," said Mike Hennessy Jr., president and CEO of MJH Life Sciences™, parent company of NeurologyLive®. "We are so pleased to welcome three additional groups to help us continue making a positive impact on the neurological industry."

PMD Alliance joins the SAP program along with two other new partners:

- [International Organization of Multiple Sclerosis Rehabilitation Therapists \(IOMSRT\)](#)
- [Miles for Migraine](#)

The SAP program builds a community of advocacy groups, medical associations, and medical institutions to foster collaboration and an open exchange of information among trusted peers, for the ultimate benefit of patients and their families. As part of this joint effort, PMD Alliance will work *NeurologyLive®* to share exclusive information and improve patient outcomes.

## **About Parkinson & Movement Disorder Alliance (PMD Alliance):**

Parkinson & Movement Disorder Alliance is an independent, national nonprofit dedicated to providing opportunities for people to learn, live life more fully, and spark meaningful connections around them. PMD Alliance serves people across the United States and is not affiliated with any medical practice or institution. PMD Alliance is committed to keeping our community safe and healthy. Visit [www.PMDAlliance.org](http://www.PMDAlliance.org) to learn more.

## **About NeurologyLive®**

*NeurologyLive*® delivers direct access to practice-changing news and expert insights directly from top medical conferences and researchers to improve the lives of patients with neurological diseases such as dementia, epilepsy, headache and migraine, movement disorders, multiple sclerosis, neuromuscular diseases, stroke and more. The *NeurologyLive*® platform offers an in-depth look at the hundreds of new treatments in development with ever-expanding mechanisms of action, all during an unprecedented time of growing demand for neurology expertise. The *NeurologyLive*® platform also connects visitors with the most up-to-date clinical trial results, Food and Drug Administration approvals, practice-changing research, and expert insights. *NeurologyLive*® is a brand of MJH Life Sciences™, the largest privately held, independent, full-service medical media company in North America, dedicated to delivering trusted health care news across multiple channels.
