## November Digest

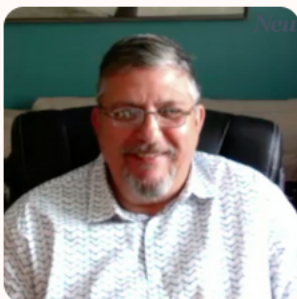

We're here to provide monthly educational content that's engaging, accessible, and brings value to your staff and the people they serve. This tool exists not only to foster confidence in care providers, but also to help you invite those you care for and their families to grow their knowledge, which is why CPDC Digest resources are **built to share!**

### Empathy in Action Workshop Guide

"Empathy in Action" began as an interactive breakfast session in PMD Alliance's [annual conference for healthcare providers in movement disorders](#). The goal was to simulate the daily struggles that come with movement disorders like Parkinson's through rotating stations with hands-on activities. **We took the most replicable parts and created this easy-to-follow guide for you to build on for your community events and staff education.**
